

Pool Owners Patterns

Patterns

Our liners are made of the finest virgin vinyl available and are resistant to sunlight, bacteria and fungus. They're sturdy - with a standard thickness of 20 mil. (select patterns also available in 27mil & 28mil.)

All Tara liners are backed by our 20-year pro-rated warranty.

Click on the pattern to see a larger view and examples.

* Tiles shown here vary in height to show the overall look. Colors on screen can vary and are representational only. See your local dealer for actual samples.

Find a dealer page

Since vinyl pool liners require professional installation, Tara does not sell direct to the public. We have an established network of reputable pool dealers across the United States who will be glad to help you order and install your new Tara liner, in addition to providing help with all your pool needs.
